Tell me once again, baby  
This time I will listen  
I will try to make things better  
(Tell me once again)  
(Tell me once again)

It's getting late, and I'm afraid  
To walk here in the rain  
Always take the easy way out  
So unaware, how life could be  
So far away, from giving you the best I can

And every time you call my name  
(Should I be there)  
But I only seem to run away

Tell me once again, baby  
This time I will listen  
I will try to make things better  
(Tell me once again)  
Tell me once again  
Cause baby you will miss me  
I will try to make things better  
Tell me once again  
(Tell me once again)

You wanna know, if I will stay  
And I say: Yes  
This moment feels so good, I could cry  
Tomorrow comes, then we will see  
If everything, is just the way it used to be

(Ohohohoh)

Tell me once again, baby  
This time I will listen  
I will try to make things better  
(Tell me once again)  
Tell me once again  
Cause baby you will miss me  
I will try to make things better  
(Tell me once again)

If you can see who I am  
Then I will love you all I can

Tell me once again, baby  
This time I will listen  
I'll try to make things better  
(Tell me once again)  
Tell me once again  
Cause baby you will miss me  
I'll try to make things better

Tell me once again, baby  
(Tell me once again)  
I will try to make things better  
Tell me once again, baby  
(Tell me once again  
(I will try to make things better, baby)

Tell me once again, baby  
This time I will listen  
I will try to make things better  
(Tell me once again)  
Tell me once again  
Cause baby you will miss me  
I will try to make things better  
Tell me once again
