To shine on me
To shine on me
Shine on me
To shine on me
Shine on me

I wanna tell you I want you
I wanna tell you I care
I wanna love you forever
Every day, every night
You hold my hand

I give you a flower
I wanna give you the world
I wanna bring us together
Cause I know that
Your love will shine on me

Your love will shine on me
When I look at you
I make you feel so free
Baby, I know inside my heart
Your love will shine on me
When you think about me
You have everything
Baby, how can I make
Your love to shine on me

When you come a little closer
You make me feel alive
Oh, when you go around baby
Cause I know that
Your love will shine on me

Your love will shine on me
When I look at you
I make you feel so free
Baby, I know inside my heart
Your love will shine on me
When you think about me
You have everything
Baby, how can I make

Your love to shine on me

Shine on me
To shine on me
Shine on me

I know we could be so right
And we could be out of time
And when I look at you
You make me feel so free

Your love will shine on me
When I look at you
I make you feel so free
Baby, I know inside my heart
Your love will shine on me
When you think about me
You have everything
You have everything

Your love will shine on me
To shine on me
Shine on me
To shine on me
