To shine on me  
To shine on me  
Shine on me  
To shine on me  
Shine on me

I wanna tell you I want you  
I wanna tell you I care  
I wanna love you forever  
Every day, every night  
You hold my hand

I give you a flower  
I wanna give you the world  
I wanna bring us together  
Cause I know that  
Your love will shine on me

Your love will shine on me  
When I look at you  
I make you feel so free  
Baby, I know inside my heart  
Your love will shine on me  
When you think about me  
You have everything  
Baby, how can I make  
Your love to shine on me

When you come a little closer  
You make me feel alive  
Oh, when you go around baby  
Cause I know that  
Your love will shine on me

Your love will shine on me  
When I look at you  
I make you feel so free  
Baby, I know inside my heart  
Your love will shine on me  
When you think about me  
You have everything  
Baby, how can I make

Your love to shine on me

Shine on me  
To shine on me  
Shine on me

I know we could be so right  
And we could be out of time  
And when I look at you  
You make me feel so free

Your love will shine on me  
When I look at you  
I make you feel so free  
Baby, I know inside my heart  
Your love will shine on me  
When you think about me  
You have everything  
You have everything

Your love will shine on me  
To shine on me  
Shine on me  
To shine on me
