I've been doing some thinking, here on my own
It's been on my mind
This debt I owe to you
I have to repay in kind

But I can't find my way
Can't find my way
Can't seem to find my way
Can't find my way

Tired and weary, I follow the path
Leads to your door
But it occurred to me, all that I have
Is already yours

But I can't find my way
No, I can't find my way
I can't find my way
Can't find my way

Oh, just to sit a while
Oh, just to sit and watch you smile

But I can't find my way
No, I can't find my way
Can't find my way

Keep the faith you say
To keep the faith I pray, oh
To be strong you say
Just follow the light

Wheels keep turning but the closer I get
The farther I seem
Peace will only come
Finding the peace within

But, but I can't find my way
No, I can't find my way
I can't find my way
Can't find my way, the way
