"Dance Into The Light"

It's there in the eyes of the children
In the faces smiling in the windows
You can come on out, come on open the doors
Brush away the tears of freedom

Now we're here, there's no turning back
We have each other, we have one voice
Hand in hand, we will lay the tracks
Because the train is coming to carry you home

Come dance with me
Come on and dance into the light
Oh, everybody dance into the light

There'll be no more hiding in shadows of fear
There'll be no more chains to hold you
The future is yours, you hold the key
And there are no walls with freedom

Now we're here, we won't go back
We are one world, we have one voice
Side by side, we are not afraid
Because the train is coming to carry you home

Come dance with me
Come on and dance into the light
Oh, everybody dance into the light

Do you see the sun? It's a brand new day
Oh, the world's in your hands, now use it
What's past is past, don't turn around
Brush away the cobwebs of freedom

Now we're here, there's no turning back
You have each other, you have one voice
Hand in hand, you can lay the tracks
Because the train is coming to carry you home

Come dance with me
Come on and dance into the light
Oh, everybody dance into the light

Oh, everybody dance into the light
Oh, dance in, dance into the light
Oh, come on and dance into the light
Oh, come on and dance into the light
Oh, dance into the light

Oh, come on and dance into the light
Oh, come on and dance into the light
Oh, everybody dance into the light
Oh, everybody dance into the light, to the light, to the
light
Oh, everybody dance into the light
