You said you would, you didn't and I wanna know why
And don't make no excuses
You promised and, you promised and, you better
explain
Tho' I don't know what the use is

You said you could, you couldn't, now why did you lie?
You made it look so easy
You did it, why do it, what was your point?
Laughing while you tease me

Oh, do you know and do you care?

I said "I did, I shouldn't 'cos the magic will go"
It happened once before
You'll see it, you'll steal it and take it away
And then come back for more

Don't say you weren't, you were 'cos I saw you myself
It's too late for your reason
You're lying, you're lying, you've done it this time
I'm sick of all the cheating

Oh, do you know and do you care?

'Cos I watch you
Every day I watch you pass me by
I'll get you, yes in the end I'll get you
Just watch me try

Oh you make it hard to be hard but I'm trying my best
'Cos down inside I'm burnin'
You want it, you got it, now take it and run
I'll hide how much it's hurtin'

Oh, do you know and do you care?
Oh, do you know and do you care?
Oh, do you know and do you care?
