All that time I was searching, with nowhere to run to
It started me thinking
Wondering what I could make of my life
And who'd be waiting
Asking all kinds of questions to myself
But never finding the answers
Crying at the top of my voice
And no-one listening
All this time, I still remember everything you said, aha
This much you promised, how could I ever forget

Listen, you know I love you but I just can't take this
You know I love you but I'm playing for keeps
Although I need you, I'm not gonna make this
You know I want to but I'm in too deep

So listen, listen to me
Ooh, you must believe me
I can feel your eyes go through me
But I don't know why

Ooh I know you're going
But I can't believe, it's the way that you're leaving
It's like we never knew each other at all
It may be my fault
I gave you too many reasons for being alone
When I didn't want to
I thought you'd always be there

I almost believed you
All this time, I still remember everything you said
Ah, ooh there's so much you promised
How could I ever forget

Listen, you know I love you but I just can't take this
You know I love you but I'm playing for keeps
Although I need you, I'm not gonna make this
You know I want to but I'm in too deep

So listen, listen to me
I can feel your eyes go through me

It seems I spent too long only thinking about myself,
aha
But now I want to spend my life just caring 'bout
somebody else

Listen, you know I love you but I just can't take this
You know I love you but I'm playing for keeps
Although I need you, I'm not gonna make this
You know I want to but I'm in too deep

You know I love you but I just can't take this
You know I love you but I'm playing for keeps
Although I need you, I'm not gonna make this
You know I want to but I'm in too deep
