Well, it don't matter to me
What you say, what you say
And it don't matter to me
What you're doing, alright, alright

Because I've heard it all so many times before
Just what you're saying
And I don't really wanna hear it all no more, no more
Don't wanna hear it no more

'Cause there's no way that you can run
'Cause I'm gonna find you
And there's nobody that you can turn to
'Cause I'll be behind you, just to remind you

That it don't matter to me, yeah
What you say, what you say, say, say, saying
Well, it don't matter to me, yeah
What you're doing alright, alright, alright

It seems to me, it's been too easy for you for too long
So you'd better climb down before you
Fall and hurt your pride, your pride
You're gonna hurt your pride

'Cause there's no way that you can run to
Because I'm gonna find you
There's place that you can stay
'Cause I'll be behind you, just to remind you

Well, it don't matter to me, yeah
What you say, say, say, saying
Tell me what you're saying
Well, it don't matter to me, yeah
What you're doing alright, alright

Well, it don't matter to me
What you say
Well, it don't matter to me
I got to get into the
Well, it don't matter to me
But really me

But it don't matter to me

It don't matter to me
What you say, say, say, saying
Tell me what you're saying
Well, it don't matter to me
Now what you're doing
What you do, what you do, what you do

Well, it don't matter to me, no no
What you say, say, say, saying
Well, it don't matter to me
No, no, no, no, no what you're doing
What you do, what you do, what you do

Well, it don't matter to me
Well, it don't matter to me
No, no, no, no, no, no, no
Well, it don't matter to me, no
No, it don't matter to me
Well, it don't matter to me
