Could someone tell me where I belong
Where i should go
Could someone tell me where I'm goin wrong
I need to know

Why do I hurt the ones i love
With everythin I do
if I can't be what they want of me
what am I to do

I can't go home
Oh this much I know
It might be better if I just dissapeared
Alone

I've got to find my way
Oh and I will survive someway
If only there was a place where I could be just me
If only there was a place where I could be just me
