There's a place out there for us  
More than just a prayer or anything you've ever  
dreamed of  
So when you feel like giving up, 'cause you don't fit in  
down here  
Fear is crashing in, close your eyes and take my hand,  
yeah

We can be the kings and queens of anything if we  
believe  
It's written in the stars that shine above  
A world where you and I belong where, faith and love  
will keep us strong  
Exactly who we are is just enough

There's a place for us  
There's a place for us

When the water meets the sky  
Where your heart is free and hope comes back to life  
When these broken hands are whole again  
We'll find what we've been waiting for, we were made  
for so much more

We can be the kings and queens of anything if we  
believe  
It's written in the stars that shine above  
A world where you and I belong, where faith and love  
will keep us strong  
Exactly who we are is just enough

There's a place for us  
There's a place for us

So hold on, hold on  
There's a place for us

We can be the kings and queens of anything if we  
believe  
It's written in the stars that shine above  
A world where you and I belong, where faith and love  
will keep us strong

Exactly who we are is just enough

Exactly who we are is just enough

There's a place for us
