No, I never meant to hold you back  
I never meant to turn away  
Please forgive me

No, I never meant to break your heart  
I'd give my last breath before I do  
Please forgive me

No, I never meant to hold you down  
I never meant to break your heart  
Somehow, somehow we are survivors

No, I never meant to hold you back  
I never meant to turn away  
Here we are standing here  
Survivors in the night  
Survivors in the night

No, I never meant to break your heart  
I'll always be here for you  
Here's my word, take my hand  
Survivors in the night  
Survivors in the night  
Survivors in the night

No, I never meant to let you down  
I'd give my last breath before I do  
All I ever wanted was to be right here  
Survivors in the night  
Survivors in the night  
Survivors in the night

When all is said and done, we'll find a way  
To put all this behind us, we'll find some way  
'Cause you know that I won't be leaving  
Yes, I'm here and I won't be leaving

No, I never meant to cause you pain  
No, I never meant to hurt you

All I want to do now is to try my best  
Survivors in the night

We are survivors in the night

When all is said and done, we'll find someday  
We can forget all this, somehow, some way  
And as long as I'm here there'll be no worries any more  
And all these promises I'm making now  
I'll hold each day

So don't ever, don't ever, don't forget  
That I never, never meant to break your heart  
All I ever wanted was to stand beside you  
Survivors in the night  
We are survivors in the night

We are survivors  
Yes, we are survivors  
We are survivors  
Survivors  
Yes, we are survivors  
Yes, we are survivors

Please forgive me  
Please forgive me  
Yes, we are survivors  
We are survivors  
Survivors  
Survivors

Please forgive me  
Please forgive me  
Please forgive me, yeah  
Survivors  
Yes, we are survivors  
Yes, we are survivors
