I know she knows she wants me, I hear it every day
And I know she knows she needs me, there ain't no
other way

But she's got a heart, must be made of stone
'Cos when I tell her that she'll miss me when I'm gone,
she says

Who said I would (who said I would)

Now she knows it ain't easy, for a simple boy like me
She filled me full of lovin', oh, baby set me free

But she's got a heart, must be made of stone
'Cos when I tell her that she'll miss me when I'm gone,
she says

Who said I would (who said I would), who said I would
Tell me who said I would (who said I would), who said I
would

When I'm not the only one, then I'll do fine
And I'll suit her purpose and I'm just her kind
I don't own her and I never could, don't think I do, don't
think I should

Who said I would (who said I would), who said I would

(Solo)

But she's got a heart, must be made of stone
'Cos when I tell her tha

You're not the only one, but you'll do fine
You suit my purpose and you're just my kind
You don't own me and you never could
Don't think you do, don't think you should

Who said I would (who said I would), who said I would

Now she knows if she needs me, I come running every

time

She knows she makes me hot, she knows it's her body,
not her mind

But she's got a heart, must be made of stone
'Cos when I tell her that she'll miss me when I'm gone,
she says

Who said I would (who said I would), who said I would
Who said I would (who said I would), who said I would
Who said I would (who said I would), who said I would
Tell me who said I would (who said I would), who said I
would

Tell me who said I would (who said I would), who said I
would

Tell me who said I would (who said I would), who said I
would

Tell me who said I would, who said I would
