Sometimes when I'm dreaming
Heading to god knows where
That's when it hits me
It seems I'm already there
But there's no forgiving
In the silence of my mind
Nothing is living
Nothing there to go round

If this is what it looks like
When the worlds gonna end
Then it's allright allright
If this is what it feels like
Then I do it again
Cuz it's allright allright
Yeah I know that I'm glad it's over
What comes next maybe worse
If this is what it looks like
When the worlds gonna end
Then I'm allright

Yeah I'm allright

I've tried to be humble
I've tried to be proud
My world is cracked open
And I'm slowly leaking out
I call on an angel
Who often saved my life
Nobody sees us
When we're swimming through the crowd

If this is what it looks like
When the worlds gonna end
Then it's allright allright
If this is what it feels like
Then I do it again
Cuz it's allright allright
Yeah I know that I'm glad it's over
What comes next maybe worse
If this is what it looks like

When the worlds gonna end
Then I'm alright

Yeah I'm alright
Allright
Yeah I'm alright

There's ways there means
To shatter your dreams
I lost the attention
if you know what I mean
I just letting go
Melting away
I finally see I'm on the last day
But I'm alright

Yeah I'm alright

If this is what it looks like
When the worlds gonna end
Then I'm alright alright alright
Yeah I know that I'm glad it's over
What comes next maybe worse
If this is what it looks like
When the worlds gonna end
Then I'm alright

Yeah I'm alright
Allright
Yeah I'm alright
Allright
