We're leaving every turn unstoned  
And every lesson is unlearned..  
With nothing said and nothing done  
I know it works on everyone....  
Because love cools and friends drift apart  
Too old to be shy  
But I wonder what to say  
- After I said: Hi!  
Are we alive here? Are we losers are we winners  
Are we alive here??  
Sometimes I doubt, but if we get it all out; it's so clear  
But, hey what's on for dinner?  
Are we alive here?  
Would you please pass the guilt...

Just like a tune on ears of stone  
It will be ringing through your bones  
It's the push that no one sees..  
That gives a mouth of broken teeth, yeah!  
Because love cools yeah, and friends drift apart  
And the sky's weighed down with clouds of stone,  
yeah!  
And the mirror stares back on a smile of it's own..  
Too old to be shy and I wonder what to say - After I  
said: Hi!  
Are we alive here? Are we losers are we winners  
Are we alive here??  
Sometimes I'm in doubt, but if we get it all out it's  
soooo clear  
But, hey what's on for dinner?  
Are we alive here?  
Are we alive or not - do we have nothing in our head  
but..  
I know it's time to go now we've said hello!  
Are we alive here? Are we losers are we winners  
Are we alive here??  
Sometimes I doubt, but if we get it all out, it's sooo  
clear  
But, hey what's on for dinner?  
Are we alive here?  
Would you please pass the guilt yeah!  
Love cools yeah, and friends drift apart

And the sky's weighed down with clouds of  
stoooneeeehhnnn  
Are we alive here? Are we alive here?? Are we alive  
here???
