The fever went away too quickly
The heat felt good - like someone kissed me
My hands reach out, the more I want this
I fell through dark and into darkness

My skin is fire and flames
I'm so changed and strange

It's the wild thing in the woods
Yeah the wild thing in the woods
It's not what I already lost
It's what I'm going to lose
To the wild thing in the woods

I've got open arms like a broken puppet
I'm falling backwards into the forest
The sound of souls begging to move on
And nothing's here to see but shadows

It's an angels wish
It's myself I can't fix

It's the wild thing in the woods
Yeah the wild thing in the woods
It's not what I already lost
It's what I'm going to lose
To the wild thing in the woods
Yea yea yea yea the wild thing in the woods
It's the wild thing
Yeah the wild thing in the woods

It's the wild thing in the woods
It's the wild thing in the woods

It's not what I already lost
It's what I'm going to lose
To the wild thing in the woods
Yea yea yea yea the wild thing in the woods
It's the wild thing
Yeah the wild thing

It was the wild thing in the woods
Yeah the wild thing in the woods
It's not what I already lost
It's what I'm going to lose
Yeah the wild thing
Yeah the wild thing
Yeah the wild thing in the woods
The wild thing in the woods
Yeah the wild thing in the woods
