-Uhh yeah!

I have my hair high and low  
Anywhere the wind blows  
I'm doing M.P.H anywhere my soul goes  
I'm hell riding and gasoline feed  
That's all I need for the life that I lead

I'm a true believer Yes I am  
You try and get me if I can

Yeah! I'm riding alone and I've drugged my senses  
There's no one else to take the consequences  
See when the day is gone free & the night creeps up on  
me  
I take my B.M.W that's where I wanna be...  
I'm a true believer Yes I am  
And you try to get me if you can  
Get me! Honk!! Honk!!! Argh.!!  
True believer Yes I am.  
True believer Yes I am..  
True believer Yes I am...  
True believer Yes I am....
