Valerie Valerie Valerie
You're hurting me
Valerie Valerie Valerie
Don't set me free
What shall I do when you are gone?
I'll walk around looking sad
Valerie Valerie Valerie
You're getting me down
Do you think that it's necessary
To move into town
What do you think you'll find out there?
You might as well stay at home

Valerie Valerie Valerie
Valerie Valerie Valerie
Remember me
Misery misery misery
Is all I can see
What shall I do when you are gone?
I'm going to be so sad
Valerie Valerie Valerie Valerie
Valerie Valerie Valerie
Valerie Valerie Valerie
Valerie Valerie Valerie
