Painted old lady, collecting splinters on the bench
She's waiting to go to heaven
One-eyed old man, with his party hat on
He swears there is no hell, no hell

I know a girl who believes, a girl who believes
She used to be a dog

Elevator rising, I wonder what's on the top floor
The numbers are on the wall
The sun also rises and the shadow soon fall
I keep looking to the sky, keep looking to the sky

I know a girl who believes, a girl who believes
She used to be a dog

It don't matter what I say
'Cause no one is right and no one is wrong
I guess that we'll find some day
That no one was right and no one was wrong

I know a girl who believes, a girl who believes
She used to be a dog
I know a girl who believes, who believes
She used to be a dog

I know a girl, I know a girl
I know a girl, I know a girl
I know a girl, I know a girl
