Everyone sing along
Get up off the ground you're on
Raise your hand, get in command
You don't work for anyone
Walk through the door
You're leaving the crowd
Open your mind
To hear the sound
A voice from above
And one from the ground
Leading you on
How to be found
Everyone have your fun
What will end has just begun
Boys and girls feel alright
Before we're all out of sight
Walk through the door
You're leaving the crowd
Open your mind
To hear the sound
A voice from above
And one from the ground
Leading you on
How to be found
Turn me around (turn me around)
Turn me around
Straighten me out (straighten me out)
Straighten me out
Looking inside (looking inside)
Looking inside
Outside my doubts, yeah, oh yeah
(solo)
Everyone sing along
Even Warhol needed songs
Turn around, you're safe and sound
Hold your breath, it won't be long
Walk through the door
Your leaving the crowd
Open your mind
To hear the sound
A voice from above
And one from the ground

Leading you on
How to be found
(How) How to be found, how to be found
(How) How to be found, how to be found
(How) How to be found
How to be, how to be found (How)
How (ooh, hoo-hoo-oo)
How (ooh, hoo-ooo)
How (ooh, hoo-hoo-oo)
How (ooh, hoo-ooo)
