There's a picture on my wall  
A crack in the ceiling  
Cigarette burns in my hall  
I get the feeling

That you surround me  
That you surround me

If I died a thousand times  
My soul washed beside me  
I will never be alone  
You're always inside me

And you surround me  
And you surround me

You surround me  
And you surround me

And you surround me  
And you surround me

And you surround me  
And you surround me

And you surround me  
And you surround me
