I could fall in love, pick a flower
I'd give it a face
But it would never replace
Who you are

I could sing forever, get drunk on guitar
Feel the drums and bass
But I could never replace
Who you are, who you are

I could set this cold blue world ablaze
But the sun would still rise
And I would never replace
Who you are

I'd take a train from nowhere
A rocket to Mars, I'll get lost in space
But I could never replace
Who you are, who you are

I could set this cold blue world ablaze
But the sun would still rise
And I would never replace

Who you are, who you are
I could set this cold blue world ablaze
I could set this cold blue world ablaze
Who you are, who you are, now I know
