The cold wind blows and it feels so warm  
The sun always shines when I'm in your arms  
Little things we have are laced with gold  
We ain't got much but we've got it all

And all I do  
Just take it all in stride  
Just me and you  
On the ride of our life

Ain't life something  
When your heart is beating for two  
The best part of livin is lovin  
And the best part of lovin is you

Way back when I was down in love  
Got rain when I prayed for luck  
Now every day is a brand new dream  
Blue skies as far as I can see

Ain't life something  
When your heart is beating for two  
The best part of livin is lovin  
And the best part of lovin is you  
Money don't mean nothing  
If there's no one to hold on to  
The best part of livin is lovin  
And the best part of lovin is you

Who loves you yea yea yea  
Yea yea yea  
Yea yea yea

Ain't life something  
When your heart is beating for two  
The best part of livin is lovin  
And the best part of lovin is you  
Money don't mean nothing  
If there's no one to hold on to  
The best part of livin is lovin  
And the best part of lovin is you

The best part of livin is lovin  
And the best part of lovin is you
