You think it's gonna be a lonely night at home  
Waitin' on the ringin' of the telephone  
He said goodbye he hung up and left you hangin' on  
But as sure as he's gone you won't be lonely long

So don't waste your time  
Thinkin' 'bout the things you'll miss  
And don't sit alone cryin' while you reminisce  
You say you'll never feel that way again  
Girl you couldn't be more wrong  
Just as sure as he's gone you won't be lonely long

No longer than the time it takes me  
To drive across town  
Run up on your porch and knock on your door  
No longer than the time it takes you  
To make a tear drop  
I'll be there before it hits the floor

He had his chance to love you all I want is mine  
The tickin' of the clock is killin' more than time  
Cause ther'll be a hundred just like me there  
Before the break of dawn  
Just as sure as he's gone you won't be lonely long

No longer than the time it takes me  
To drive across town  
Run up on your porch and knock on your door  
No longer than the time it takes you  
To make a tear drop  
I'll be there before it hits the floor

So don't waste your time thinkin' 'bout  
The things you'll miss  
And don't sit alone cryin' while you reminisce  
You say you'll never feel that way again girl  
You couldn't be more wrong  
Just as sure as he's gone you won't be lonely long
