God is Watching You  
When your life's about to start - God is watching you  
When you have a shattered heart - God is watching you  
When you're a slave and when you're freed - God is  
watching you  
When what you call love's really need - God is watching  
you  
God is watching you  
God is watching you  
When you wake up in the night - God is watching you  
When you're dancing in the light - God is watching you  
When you don't need to use force - God is watching  
you  
When you don't ever feel remorse - God is watching  
you  
When you're a hero to us all - God is watching you  
When you take that fated fall - God is watching you  
When you hide your head in the sand - God is watching  
you  
When you find a brand new land - God is watching you  
When out of fear you judge your friend - God is  
watching you  
When you let a stranger in - God is watching you  
When you always have to win - God is watching you  
When love requires that you give in - God is watching  
you  
When you play the cards you're dealt - God is watching  
you  
When you won't reveal yourself - God is watching you  
When you believe enough to die - God is watching you  
When you say your last goodbye - God is watching you  
By T Bone Burnett and Leslie Phillips
