"If You Only Knew"

If you only knew the way I feel about you
If you only knew the love that's in my heart
If you only knew how much I care about you
If you only knew how much I want to be a part of you

You know, I died just for you
Oh, and I, I gave myself for you

If you only knew the way I feel about you
If you only knew the love that's in my heart
I suffered and gave my life
I stretched out my arms and died
The tears ran down from my eyes for you

You know, I died just for you
Oh, and I, I gave myself for you
I love you so much
I did it all for you

Look at the love in my eyes
When will you realize
My blood has paid the price for you
