I had to go, but I want you to know
Someday I'll be back for you
Please don't be scared, 'cause if you need me I'll be
there

I'll hold you near and I will wipe away your tears
I'll wipe away your fears
I'll wrap you in my arms
I'll keep you safe from harm

I'm waiting too
When the time is right then I'll be back for you
You've waited patiently, and you still believe in me

I'll be back for you and I won't ever let you go
I'll never let you go
It means so much for me to know

You love me too
That is all I ever want to hear from you
So please don't be scared
If you need me I'll be there

I'll hold you close I'll keep you near
You'll never cry another tear
I'll hold your hand and you'll hold mine
I'll always be right by your side

And I will never let you go
That's one thing I want you to know
I'll always be by your side
I love you
