Hial queen wah ih ni
I.. can't...believe it
Listen up people in the beacha
Thus Phineas and Ferb and the backyard beacha
Everyone gonna hear what he's gonna say(say)
Brother what you gonna do today
Now you see we having fun
Playing numbers of fun
Get in line,Get in line
Before the jet ski's run
A backyard beach,a backyard beach
Nothing gonna reach
We got the backyard beach
You could change in the cocoa nut
Drink out of a cocoa nut
Seek this for a token but the rest if free
We got ski and parasailing
Surfing and they are failing
Your contacts keep failing
The rest you can't see
A backyard beach,a backyard beach
Nothing gonna reach
We got the backyard beach
A backyard beach,a backyard beach
Nothing gonna reach
We got the backyard beach
Don't fall into the beach
We got the backyard beach!
