Let's take a rocket ship to space
I hear it's a real swinging place
There isn't much air, or gravity there
The stars will make your heart race

Let's take a rocket ship,
Let's take a rocket ship,
Let's take a rocket ship to space

Let's take a saucer to the stars
Look out moon, move over Mars
The Martians all rock
To Bassie & Bach
So bring your maracas & your jazz guitars

Let's take a saucer to stars

(instrumental interlude)

Let's take a rocket ship,
A crazy three-stage rocket ship
Let's take a rocket ship to space

(DURING END CREDITS)

Let's take a rocket ship,
A crazy three-stage rocket ship
Let's take a rocket ship to space
VOICEOVER: It's the final frontier, baby.
