"When Will He Call Me"

When will he call me?
When will it ring?
Sometimes I think my sanity is hangin' by a shoestring

When will he call me?
How long is soon?
Should I check my watch, my calendar, all faces of the moon?

He doesn't have to call
He can e-mail or text me
He shouldn't do this
He should know how it affects me
Finding my inbox empty
It really really wrecks me

When will he call me?
(Oh woah woah!)
When will he call meee?
When will he call me?
Should I check my watch, my calendar, all faces of the moon!
