

## Phixx "Hold On Me"

Visit "[Hold On Me](#)" on MotoLyrics.com

(yeah,yeah,yeah,yeah  
you've really got a hold on me)

You come to me like a thief in the night  
slip into my conscience  
then you bleed into my mind  
tear my heart defences down

And i know  
the temptations just too strong  
Can't let go  
'cause I'm weak  
to the taste of your seduction

(Chorus)  
Yeah,yeah,yeah,yeah  
you've really got a hold on me  
you're my soul temptation  
you're the black of midnight  
stealing at the light of day

(you're my soul temptation)

you curse me with this hunger  
and thats the price i pay  
yeah, you really got a hold on me

A slight of hand and twist of fate  
and my whole world just changed  
Caught in a spell that i can't break  
Where your touch compels me to stay

and i know that temptations just too strong  
Can't let go  
'cause i'm weak  
to the taste of your seduction

(Chorus)  
Yeah,yeah,yeah,yeah  
you've really got a hold on me  
you're my soul temptation  
you're the black of midnight

stealing at the light of day

(you're my soul temptation)

you curse me with this hunger  
and thats the price i pay  
yeah, you really got a hold on me

'cause you have got me into deep  
with each and every breath i breathe  
I have found a greater need  
I'm a slave to this emotion  
to the taste of your seduction

(your my soul temptation)

you're the black of midnight  
stealing at the light of day

(you're my soul temptation)

you curse me with this hunger  
and thats the price i pay  
yeah, you really got a hold on me

Yeah,yeah,yeah,yeah  
you've really got a hold on me  
you're my soul temptation  
you're the black of midnight  
stealing at the light of day

(you're my soul temptation)

you curse me with this hunger  
and thats the price i pay  
yeah, you really got a hold on me

Yeah,yeah,yeah,yeah  
you've really got a hold on me  
you're my soul temptation  
you're the black of midnight  
stealing at the light of day

(you're my soul temptation)

you curse me with this hunger  
and thats the price i pay  
yeah, you really got a hold on me
