Eight gleaming eyes, from behind  
Sense a presence, so vulnerable, so eminent to  
paralyze  
Petrified victims, spunned alive  
Punctured by jaws ferociously, consumed till satisfied

Fluids flow from remains, splash down beyond  
As acids from these foul - ouldererd pond  
Brutal voracity, phlegmatic glance  
Hunger increased, prepared for a feast

Tragic entanglement, trapped in a substance, known  
as a webb  
Tragic entanglement, once felt by vibration, witness  
the dread

As an apologetic puppet on a string  
Helpless and so pathetically  
Frozen by a sarcastic grin  
The predator overpowers thee

Become weary of the situation  
Become weary and face the fear  
Fear transformed into death  
Phlebotomized by an insect  
Sucked till evisceration  
Succulence around the mouth  
As it delves into your flesh  
Inaudibly it creeps away again  
In awaitence of prey...

Tragic entanglement, trapped in a substance, known  
as a webb  
Tragic entanglement, once felt by vibration, witness  
the dread

Eight gleaming eyes, from behind  
Sense a presence, so vulnerable, so eminent to  
paralyze  
Petrified victims, spunned alive  
Punctured by jaws ferociously, consumed till satisfied

Fluids flow from remains, splash down beyond  
As acids from these foul - oulderer pond  
Brutal voracity, phlegmatic glance  
Hunger increased, prepared for a feast
