The beating is of my heart alive again.  
faint sound so frightening, yet so compelling.  
eyes collided, two hearts decided.  
this isnt the end it has only started.  
two hearts can beat as one, one beat is not enough.

her cardiac arrest is both of our lives lost.  
i etched forever in your eyes.  
but forever will always end in time.

a bitter collapse to my knees.

i etched forever in your eyes.  
but forever will always end in time.

you hear these two hearts they beat as one.

a new disease with no remedy.

she asked if i loved her and i replied.

you hear these two hearts they beat as one.  
again i faltered in the end.  
you hear these two hearts they beat as one.  
again alone is where i stand.  
(forever in your eyes)

if you only didnt let these words fall short of your heart.  
i never let these words fall short of my heart.  
if i only . .
