Sorrow
Entering another day
Hollow
So why do you have to pray
To cry and damn me
To say: "I need you"?
How misleading!

Hate
Just let me run away
Don't even try to deceive me
I thought: "I need you"
Don't shine your eyes
I cannot stand what you say!

Deeply inside me
I grab my soul
To stand the emptiness
Of the space around me
Coloured landscape
Such a falsehood
Now turning to black and white...

I'm searching for darkness
And loneliness here
Hoping to find out myself again
I still perceive you
Your whispers inside
Misting my view on the elected way

Just free my dreams now

I would finally feel
Myself beside

No more chances
No way out
You should know those rules by this time
Hiss your hate please
I've chosen my way
And won't turn my steps anymore!

I climbed convictions
I'm on the height now
Since I can see it
How joyful I feel
My eyes are sensing
My mind can look outside
And these prejudice walls
Will be finally broken

Deeply inside me
I've found my way
I stood the emptiness
The rebirth of my soul
Old grey landscape
Far from me behind
A shiver is crossing my spine
I'm tasting the perfect smile!
