Resolute steps sound
A man is aware of them
He's proud of his life
All spent betraying himself

With no remorse hides
His heart from his own mind
Fateful omissions
And now back home again

Cold breath
Twilight
Come near
Sad eyes

Can't you hear them?
They are trying to show
Some reflections
Of you dressed by guilt

The sudden dance
Shakes down the shrine
And steals your mind

Unfair judge, look around
It's you, your love
Our faith so sworn
The spells you've never cast

It's time right now
Dance with us
Put your pride away!
We are the dancers
You must free us from this shifty cage!

Cage - help - free

About to fall
To rise your eyes
A light ray shines
The steps freeze
No way out from here

A new day dawns
To teach new lies
The jailer of your soul
