"Beer Is Good"

Visit "[Beer Is Good](#)" on MotoLyrics.com

I like beer because it's good,
I drink beer because I should,
If there was a song to sing,
I'd sing it and beer you'd bring

I drink beer when I am sad,
Cause the beer it makes me glad
Now there's nothing else to sing,
Let's go drink some beer.

Beer is good
Beer is good
Beer is good and stuff
Beer is good x3
Let's go drink some
Beeeeeer x12
When it's warm it tastes real crappy
Cause cold beer will make me happy
When I throwup on the floor
I can go and drink some more

They say beer will make me dumb
It are go good with pizza
Now that we have drunk some beer
Let's go drive a car
