"Tip Of My Tongue"

I've been asleep for far too long
And in my dreams you sang this song
You had the hottest red dress on
I only want for you to stay
I know I'll lose you when I wake
Alarms will sound and now you're gone

Wake up a little older
Get back move it closer
I shout "Baby please just let me out"
I feel you creep into my bones
Every time I wake up alone
You feel so sweet inside my lungs
Taste it on the tip of my tongue

My desire set ablaze
In the wake of my mistakes
Inside the calm before the storm
I confess I lose control
You're all that I've never known
For this I'll reap what I have sewn

Wake up a little older
Get back move it closer

I shout "Baby please just let me out"
I feel you creep into my bones
Every time I wake up alone
You feel so sweet inside my lungs
Taste it on the tip of my tongue

And I'll inhale you deep
Until I'm in the arms of sleep
To greet you in the light

[Instrumental / Guitar Solo]

I feel you creep into my bones
Every time I wake up alone
You feel so sweet inside my lungs
Taste it on the tip of my tongue

I feel you creep into my bones
Every time I wake up alone
You feel so sweet inside my lungs
Taste it on the tip of my tongue
Taste it on the tip of my tongue
Taste it on the tip of my tongue
Taste it on the tip of my tongue
