Breaking In, Breaking Out

Dejected in, out in the rain
I get this eery feeling.
I've been here before,
And i will be again,
It's a question of understanding.

Well, Well, you just don't hear me well,
Well, Well, Well Well Well, I've disappeared.

Breaking In, Breaking Out, Breaking Up,
I'm not giving in, giving out, giving up.

I busk in the rain, outside the party
That you had without me,
But then again, i know what's coming
You just won't live without me.

Well, well, you just don't hear me well,
Well, Well, Well Well Well, I've disappeared.

Breaking In, Breaking Out, Breaking Up,
I'm not giving in, giving out, giving up.
Cos i believe in what i see, yeah,
And i believe in who i'll be (?)
And sister it's the same for you and me..... ahhhhhhh
;)

I'm not breaking in, breaking out, breaking up,
I'm not giving in, giving out, giving up.....
Ah breaking in...
