[Verse 1:]

Walk through the door  
Watch your ghost upon the floor  
My stomach's turning and it's all within me burning  
If you'd see the future would  
You know if I'd  
Soon be sane again  
Oh Yeah

[Pre-chorus:]

I've searched for something  
Lived for nothing  
Waiting here to die for something

[Chorus:]

When your face arises my stomach drops  
It's all too much  
I'm just a little colder  
With a devil on my shoulder  
He says I'd like to show her  
The way I'd get to know her  
(I'm up to no good)

[Verse 2:]

Strut down the hall  
Saw your shadow on the wall  
Soul escaping  
Mind's awaking and I'm stuck beneath it all  
I dyed these white lies black  
Behind your back but you'd do just the same  
Don't be ashamed you're just like me...

[Pre-chorus]

[Chorus]

[Bridge:]

[Brooklyn:] I am  
[Austin:] I'm up to no good  
[Brooklyn:] I am  
[Austin:] I'm up to no good

[Brooklyn+Austin:] I am [x4]  
[Brooklyn:] Up to no good [x3]

[Chorus]
