

Picture Me Broken "Vital Signs"

Vital signs
All contrived
To hide the vacant space behind my eyes
This heartbeat's just a lie
To fool the sky

Cause I'd fake life in death
To keep me by your side.

This is not the time for us
This world will fight against us, burning
Brighter than the fire in our lies
Kept like the secrets that hide in our eyes

Love
Please don't run
You won't get far
We're in each others' blood
Fate turns it's back on us
Every time

Turn around
Face it all
What have we done

This is not the time for us
This world will fight against us, burning
Brighter than the fire in our lies
Kept like the secrets that hide in our eyes

We can't hide from this lie
Wait ten years to this night
We tried to hide within this lie to stay alive

Vital signs
All contrived
To hide the vacant space behind my eyes
This heartbeats just a lie

This is not the time for us
This world will fight against us, burning
Brighter than the fire in our lies

Kept like the secrets that hide in our eyes
