The place where we met
Was too dark to see
Was too loud to hear
We had too much of everything

It was one of those nights
That'll ring in your ear
For the rest of your life
When the rest disappear

Like your very first scar
Everything leaves a mark

We lost our friends
Went stumbling home
Back to the room
Stayed up till dawn

I was late for work
Shirt smelled like booze
But in the back of my head
I was still in her room
When she first broke my heart

Everything leaves a mark x2
Even if it falls apart
Everything leaves a mark

At the end of the line
When death is near
It's the sound of your life
That'll ring in your ears

So go out in the night
With a young, reckless heart
For it's nights like this
How I used to come apart
There in our hearts

Everything leaves a mark x2
Even if it falls apart
Everything leaves a mark

Even if it falls apart
Everything leaves a mark
