Work it.

Work it harder, Work it, make it, faster, stronger, Harder, better, do it, makes us, Work it, make it, do it, makes us More than, hour, work is, over, Ever, after, our, never, Work it harder, make it better, do it faster, makes us stronger More than ever hour after our work is never over.

Work it.

Harder, better, faster, stronger, Work it harder, make it better, Our work is never over.

Work it.

Work it, work it, make it, make it, Do it, do it, makes us, makes us, More than ever hour after our work is never over.

Work it. Work it.

Work it, do it, make it, makes us, Harder, faster, better, stronger, More than hour, our never, Ever after, work is over, Work it harder, do it faster, make it better, makes us stronger, More than ever hour after, our work is never over.

Whats going on? Could this be my understanding, It's not your fault I was being too demanding, I must admit it's my pride that made me distant, All because I hoped that you'd be someone different. Work it. Work it. Work it harder. Work it.
