Now I've been running still  
Counting down the breathes  
Trying not to cheat on time  
While pushing back the clock

I've seen the sails blowing at half mast  
As the storm began to raise  
I've heard the echo of the bells  
'Round the valleys and the hills

Sing heart, sing  
Sing heart, sing  
Sing heart, sing  
A river flows in my veins

Crowds were gathered at the waters' edge  
While in each face and hand  
A million stories there to tell  
A tale for every man

I've heard all the answers  
But none that fit the question  
Is there a way to silence  
There's the revelation

Sing heart, sing  
Sing heart, sing  
Sing heart, sing  
A river flows in my veins

Throughout the span of years  
The spinning web is made  
A-turning looms a-weaving  
A veil for the world

I'd keep my eyes closed if I could  
I'd block out the day  
But I've been waking into dream  
Dead and born again

Sing heart, sing

Sing heart, sing  
Sing heart, sing  
A river flows in my veins

Sing heart, sing  
Sing heart, sing  
Sing heart, sing  
A river flows in my veins

And the blood runs down like rain  
A river flows in my veins  
The blood runs down like rain  
A river flows in my veins

And the blood runs down like rain x6
