He's not sure what he should do,
She's 17 he's 22,
Is that too much of a difference?
So instead look what he done,
He found a girl who's 31,
Is that too much of a difference?

She's got everything he wants,
She's got everything he needs,
Take her back (x6)
Take her back boys.

She's got everything he wants,
She's got everything he needs,
Take her back (x6)
Take her back boys.

She's got a mate who said 'Behave, you're not too bad
but twice her age!'
Does that really make any difference?
He's had a few,
We've all been there,
Just 17 but he don't care,
I don't think he knows the difference.

Cos..

She's got everything he wants,
She's got everything he needs,
Take her back (x6)
Take her back boys.

She's got everything he wants,
She's got everything he needs,
Take her back (x6)
Take her back boys.

His mates found out,
He feels a fool,
They saw her on the bus to school,
Should that really make any difference?

What would her dad say if he knew?
She's on her knees he's 22,
I don't think he'll have the difference,
Does that really make any difference.

Cos..

She's got everything he wants,
She's got everything he needs,
Take her back (x6)
Take her back boys.

She's got everything he wants,
She's got everything he needs,
Take her back (x6)
Take her back boys.

Cos..

She's got everything he wants,
She's got everything he needs,
Take her back (x6)
Take her back boys.

She's got everything he wants,
She's got everything he needs,
Take her back (x6)
Take her back boys
