Chorus:

It's the end of the world as we know it (2x)
It's the end

1st Verse:

What up Jesus what up my negro my man
Can I ask you couple questions 'bout the whole dang
plan?
Why the Holocaust why the slavery?
Why the Crusades in the name of bravery?
Why you let little girls get molested dog?
I mean God I mean you know what I mean is all
And the fall of Adam and Eve is all it took
To leave the whole human race lost and shook?
That don't make sense it don't feel right
But I can see your whole face up in the moonlight
Dang you look crazy you make a negro wanna cry
You hold the whole ocean in your eyes
Are you crying too?

Chorus

It's the end of the world as we know it (4x)
We know it so well

2nd Verse:

What Jesus what up my mellow my man
Can I ask you couple questions 'bout the whole dang
plan?
Why the wars? Why the death?
Why the burning crucifix and the rest?
So much drama so many stars
Did you really hang out at the bars?
I thought you did you look crazy
You ever have a bar fight Patrick Swayze?
No disrespect dude why am I sobbing?
I can't stop stopping you look like Ab Rude
And Bill Cosby mixed together
I can't explain it I'm freaking mad at you

Why you let it happen like this? I'm asking you
Why aren't you talking? Answer me
Every step you take is a freaking tragedy
Every step you take is a freaking

Chorus:

It's the end of the world as we know it (4x)

Bridge:

We know it so well
La la la la la la la la
We know it so well
La la la la la la la la
La la la la la la la la
La la la la la la la la
Thank you J Beits

3rd Verse:

What up Jesus (yes?) what up my nickel my man
Can I ask you couple questions about the whole dang
plan?
Without an answer you stretch out your hand
With a look in your eyes that you understand
All the pain all the loss all the confusion
All the up and the downs are now amusing
And I spent all of my life rushing and hustling
When I could've just been your friend

Chorus:

And it's the end of the world as we know it (2x)
We're drinking coffee in sun
All my friends the old and young
And its ok now
We're drinking coffee in the sun
All my friends the old and young
And it's ok now
Its ok now
Its ok now
