Go Pigeon go Pigeon  
Go Pigeon go Pigeon say it (2x)

Chorus:

All these dudes telling lies for the fame and wealth  
I'd rather kick back and just be myself  
Enjoy the good times and enjoy the hell  
"And there's nothing in the world better than life itself"

1st Verse:

Just come on do the P-I-G-E-O-N  
K Soloing brothers they never come again  
Just bounce like a 6 Tre all through the South Bay  
From Whittier to Silver Lake always a sunny day  
Roll the windows down let 'em hear the new sound  
Floss with it you the boss tilt the gold crown  
When my words spill brothers tend to get ill  
Cause its real and my vocab penetrates steel  
And the girls like it look at their hand in the air  
I feel like a physic when I told you last year  
I'm the bomb no matter what the magazines say  
Don't listen to 'em baby listen to my word play  
The time's short you better get on board  
Before the band wagon fills up and we on tour  
And we don't care we making money off rap  
And I didn't used to sell crack laughing at

Chorus:

All these dudes telling lies for the fame and wealth  
I'd rather kick back and just be myself  
Enjoy the good times and enjoy the hell  
"And there's nothing in the world better than life itself"  
Just come on do the Pigeon yeah yeah  
Just come on do the Pigeon yeah yeah  
I know it gets rough  
But you gotta let the sunshine just a smidgen yeah  
yeah

2nd Verse:

Growing up in the hood I know its hard man  
Caught like a sardan I mean sardine but you gotta be  
calm man  
And wait no need no need for alarm man  
Ice Cube's cousin said it I am the wrong man  
To mess with we got family in East Texas  
With legal armory to just check you off the guest list  
But why mention that why we gotta go there  
Lets concentrate on this Whittier girl with short hair  
And highlights in the blues section at Penny Lane  
I don't add pepper to the games I just keep it plain  
Hi my name's John I don't make a lot of money  
I'm a nice guy so I don't expect a lot of honey  
I am me John Kenneth Dust and I flow free  
From the law like an Enron employee  
Light skinned nickel 5 foot 11  
Watching "Friends" at 7 while I'm laughing at

Chorus:

All these dudes telling lies for the fame and wealth  
I'd rather kick back and just be myself  
Enjoy the good times and enjoy the hell  
"And there's nothing in the world better than life itself"  
Just come on do the Pigeon yeah yeah  
Just come on do the Pigeon yeah yeah  
I know it gets rough  
But you gotta let the sunshine in just a smidgen yeah  
yeah  
Just come on do the Pigeon yeah yeah  
Just come on do the Pigeon yeah yeah  
I know it gets rough  
But you gotta let the sunshine in just a smidgen yeah  
yeah

3rd Verse:

I didn't have a dad and my mom did cocaine  
Grew up in Inglewood where the Pirus reigned  
Little brown boy running the streets and stuff tough  
We used to shop at Zody's looking extra rough  
And get laughed at at school the night before  
I thought I looked cool now I feel like a dang fool  
But oh well I gotta stay true  
And shine the light on these brand new gigaboos

Chorus:

All these dudes telling lies for the fame and wealth  
I'd rather kick back and just be myself

Enjoy the good times and enjoy the hell  
"And there's nothing in the world better than life itself"  
Just come on do the Pigeon yeah yeah  
Just come on do the Pigeon yeah yeah  
I know it gets rough  
But you gotta let the sunshine in just a smidgen yeah  
yeah
