I lie awake on this phone call, she's dreaming of better days
Flowers lie on the counter, remind her of better days

She sends a prayer up to Jesus
And she asks him for his strength
And the night will go on bleeding
Was it faith that paid the rent?

*And I know you're barely listening
I know you're barely listening
I know you're barely listening
Now I know you'reâ€¦.
I know you're barely listening
I know you're barely listening
I know you're barely listening
Now I know you'reâ€¦.

Standing here in a doorway with a candle and a gun
The light tears through open windows
For now the day has won

[Repeat *]

Like a child on her way here
You just smile and run the other way
And faith won't find you a reason
It just smiles and runs the other way
And It just smilesâ€¦.
It just smiles and runs the other way
It just smilesâ€¦.
It just smiles and then runs the other way

(scat singing)
It's not worth waiting

[Repeat *]

You can't shape love with a hammer,
And you can't shape love with a will,
What horror lies in knowing there's no faith that chaos

can't kill
