I could be wrong. I could be right.
I could be wrong.

I could be wrong, I could be right,
I could be black, I could be white,
I could be right, I could be wrong,
I could be white, I could be black.

Your time has come, your second skin.
You climb so high and gain so low.
Walk through the valley.
The written word is a lie.

May the road rise with you. (4x)

I could be wrong. I could be right.
I could be wrong. I could be right.

I could be wrong, I could be right,
I could be black, I could be white,
I could be right, I could be wrong,
I could be black, I could be white.

They put a hotwire to my head
'cuz of the things I did and said.
They made these feelings go away,
but those feelings get in every way.

May the road rise with you. (4x)

Anger is an energy. (4x)

May the road rise with you. (4x)

Anger is an energy. (4x)
