Where ever the wind blows
You will find me there
Standing exactly where I wanna be

I hear a voice in the autumn breeze
Telling me that I need to leave
But I can't fly with these broken wings

The leaves they move like poetry
Its all still such a mystery
But I can finally hear the melody

I've been here for so long
I think it's time I moved on
So tell me where it is that I need to be

Where ever the wind blows
You will find me there
Standing exactly where I wanna be (x2)

Wasting time here is killing me
Waiting here for the remedy
So I can hear the sound of angels sing

I need something to carry me
To a place that I've never seen
'Cause right here I've seen all there is to see

I've been here for so long
I think it's time I moved on
So tell me where it is that I need to be

Where ever the wind blows
You will find me there
Standing exactly where I wanna be (x2)

I've been waiting, waiting for the day
So can you take me, carry me away
You elevate me
How far can you take me, carry me away

Where ever the wind blows
You will find me there
Standing exactly where I wanna be (x2)
