I embrace dawn's early light with a view i've never
known
For it's the morning after
Shades of crimson adorn the horizon
Seems like the cold fronts come and gone,
So I was glad when you came along
For you possess the right vibration
AGUA deeper, deeper you got me swimming in a your
love river
AGUA deeper, deeper Pandora's box is open for my
pleasure
I succumb to a gentle sleep
For love's union makes me weak
And it's he evening after
I found peace in our encounter
Surpressed emotions much too long,
So I was glad when you came along
For you possess the right vibration
You have no idea...no, no idea
Yeah what you're doing to me
AGUA deeper, deeper you got me swimming in a your
love river
AGUA deeper, deeper Pandora's box is open for my
pleasure
Nuff guys want you since came pon di scene
I feel so lucky that you choose me
So I dedicate my life to make you happy
Like a mermaid you're gonna swim in ecstasy
Loneliness has come and went
Now my life makes much more sense
I see my reflections after I found truth has finally found
me
Surpressed emotions for so long
So I was glad when you came along
For you possess the right vibration
You have no idea...no, no idea
Yeah what you're doing to me
Surpressed emotions much too long,
So I was glad when you came along
For you possess the right vibration
AGUA deeper, deeper you got me swimming in a your
love river

AGUA deeper, deeper Pandora's box is open for my
pleasure
AGUA put your arms around my shoulder
AGUA you feel the pleasure SQUEEZE me tighter
AGUA ina mi arms you can sense the danger
You're making love to a true born Ragga
