If you're living by the words of the doom-sayers Or letting it all ride with the hoarse-players Drifting in this landslide flowing Happy in the boat you're rowing round Row it round If you're staring the face of the tidal wave Running from the jab of the switchblade Tumbling in this seething welter Wish that you could live forever now Lay, lay, lay, lay, lay your head down Falling through the cracks in the loop holes Wash the dirty hands in the washbowl Redefine the definition Stand it by your constitution Looking for some retribution Turn it back one revolution now Lay, lay, lay, lay, lay your head down Head the warning now, skies are gray Seek shelter from the rain Cross the water now to escape Seek shelter Stake it here your claim to fame Knowing you can't break that chain Re define the definition Stronger than your constitution Looking for some retribution Turn it back one revolution now Lay, lay, lay, lay, lay your head down

Lay, lay, lay, lay, lay your head down Lay, lay, lay, lay, lay your head down Lay, lay, lay, lay, lay your head down Lay, lay, lay, lay, lay your head down Lay, lay, lay, lay, lay your head down Lay, lay, lay, lay, lay your head down Lay, lay, lay, lay, lay your head down
